

CATCHING UP WITH YVONNE
FEBRUARY 2024

As we look forward to a new year, we are making changes to aid us in helping families and youth even better than in years prior. More volunteers have come on board as regulars every week and for specific positions. This will make for a more efficient balance in service to the clients. We will be implementing new programs that will enable us to better track inventory, maintain a database and fundraising. It is going to be a busy year, but very rewarding for all.

Thank you for all the donations (both monetary and food) in 2023. We did see a rise in our monthly commitments for donations. That enables us to budget and plan for improvements in our services. Please consider committing to a monthly pledge. It does make a difference.

The Christmas Store was booming in December. Our children all had wonderful presents. We were also able to supply Christmas dinners for our families. Thank you to Pinnacle Wealth Management, Express Professional Employment, Maltby Middle School, Hornung Elementary School, St Patrick's Church, and all the individuals who dropped off presents for the Christmas store.

Look for the fliers on Egg My Yard for Easter and the wonderful Cookie Decorating classes coming up soon.

We still need volunteers. If you want a wonderful and rewarding opportunity, Bountiful Harvest is for you.

God Bless

Yvonne
